(a) $S/k_B = A/4\ell_P^2 + \alpha \ln(A/\ell_P^2)$
alpha = 0 (area law only)
alpha = -3/2
alpha = +1/2
S/k_B
horizon area A/ℓ_P^2
(b) Sub-leading logarithmic term
correction $S/k_B - A/4\ell_P^2$
alpha = 0 (area law only)
alpha = -3/2
alpha = +1/2
horizon area A/ℓ_P^2
